Freelance Video Editor | 3D Art and Post-Production | Storytelling

A passionate video editor with over six years of educational experience, specializing in post-production, video editing, and visual effects. Possesses a background in 3d animation and is proficient in Adobe Creative Suite, along with many other software programs commonly used in the animation industry. Has a proven track record of managing video production projects and collaborating with creative teams to refine creative storytelling. Adept at translating long-form content into short-form videos.
